Interpretation: <span style="float: right;">RN: 76496</span> Combined GP Index: <b>0</b> <span style="float: right;">Probability of Grandparentage: <b>0%</b></span>						<p>The alleged grandparents are excluded as the biological grandparents of the tested child. This conclusion is based on the non-matching alleles observed at the loci listed above with a GPI equal to 0. The alleged grandparents lack the genetic markers that must be contributed to the child by the biological grandparents. The probability of grandparentage is 0%.</p>
